

## **Anchali Krisanachinda**

**Associate Professor, Faculty of Medicine, Chulalongkorn University, Bangkok, Thailand**

Dr Anchali Krisanachinda has a BSc (Hons) in Physics from Chulalongkorn University, Bangkok; MSc in Radiation Physics from Middlesex Hospital Medical School, University of London; and PhD in Medical Radiation Physics from the Finch University of Health Sciences, North Chicago, IL.

She trained in nuclear medicine, medical physics at the Royal Marsden Hospital, UK; and diagnostic imaging at Evanston Healthcare and Glenbrook Hospitals, Illinois.

Her role and expertise in medical physics include calibration and verification of measurement instruments, technical supervision of equipment operation and maintenance, records and documentation, clinical computing and networking, research and development, and education and training.

Ms Krisanachinda's experience includes establishing medical physics education, a medical physics society, and medical imaging/medical physics graduate programmes in Thailand. She has also established in the country a doctoral programme in medical physics, a clinical training programme for medical physicists and the national license for medical physicists.

Ms Krisanachinda has assisted neighbouring countries Lao People's Democratic Republic, Myanmar and Viet Nam in medical physics education and clinical training, and acted as host of the regional and international congresses for medical physics in Thailand for 20 years. She has organized IAEA meetings and training courses of various RCA projects, and trained scientists, medical physicists and clinicians from several regions in radiation medicine.
