Fourth regular session

Agenda item 10
(CC(IV)/130)

GENERAL DEBATE AND REPORT OF THE BOARD OF GOVERNORS FOR 1959-60

Draft resolution jointly submitted by Ghana, Iraq, Morocco and Tunisia

EQUITABLE REPRESENTATION OF THE "AFRICA AND THE MIDDLE EAST" AREA ON THE BOARD OF GOVERNORS

The General Conference,

- (a) Noting that the "Africa and the Middle East" area is inadequately represented on the Board of Governors,
- (b) Observing that new African States have come into being,
- (c) Recalling that up to the present this area has never held one of the elective seats on the Board of Governors which are not associated with a particular geographical area (the so-called "floating seats"),
- (d) Recognizing the desirability of increasing the representation of this area on the Board as soon as possible,

Recommends that the Board of Governors should prepare and submit to the General Conference, at its fifth regular session, in accordance with Article XVIII of the Statute, a draft amendment of the Statute together with proposals for achieving the above-mentioned purpose (at the earliest possible date).
