VOLUNTARY CONTRIBUTIONS TO THE GENERAL FUND FOR 1962

Resolution adopted during the 62nd plenary meeting on 6 October 1961

INCREASED VOLUNTARY CONTRIBUTIONS TO THE GENERAL FUND

The General Conference,

- (a) Considering that some of the most important activities of the Agency are financed by voluntary contributions from its Member States,
- (b) Aware that these activities constitute the bulk of the Agency's direct assistance to those of its Member States that are less advanced in nuclear technology,
- (c) Seriously concerned by the fact that in no year to date have voluntary contributions amounted to more than approximately two-thirds of the target figure established by the General Conference, and
- (d) Noting with appreciation the action of the General Assembly of the United Nations in unanimously inviting the economically developed Members of the United Nations and the Agency to increase their voluntary contributions to the General Fund,^{1/}

1. Fully endorses the appeal made by the General Assembly of the United Nations in paragraph 2 of resolution 1531 (XV);
2. Invites such Members to make voluntary contributions to the General Fund for 1962 and succeeding years in amounts that are at least the same percentages of the target for each year as are their assessed contributions to the Regular Budget; and
3. Invites other Members which for any reason are unable to contribute to the General Fund on the scale indicated in paragraph 2 of this resolution to demonstrate their continued support of the Agency by making each year at least a token contribution to that Fund.
