POWER DEVELOPMENT

Resolution adopted during the 81st plenary meeting on 1 October 1963

CO-OPERATION WITH THE UNITED NATIONS IN MATTERS OF ENERGY AND POWER

The General Conference,

(a) Having received from the Board of Governors and the Director General the progress report on co-ordination in power questions^{1/} which it requested in Resolution GC(VI)/RES/128.

(b) Noting that the General Assembly of the United Nations has been concerned with this matter in the context of industrial development, and has asked the Advisory Committee established by the Economic and Social Council under Resolution 873 (XXXIII) to take into account the recommendations it has made in Resolution 1821 (XVII), and

(c) Recalling that the Agreement Governing the Relationship Between the United Nations and the International Atomic Energy Agency provides that the Secretary-General of the United Nations and the Director General of the Agency may enter into such arrangements for the implementation of the Agreement as may be found desirable in the light of the operating experience of the two organizations,^{2/}

1. Strongly recommends a closer co-ordination of the Agency's activities in matters of energy and power, in particular its studies of the comparative economics of conventional and nuclear power and the complex economic analyses which it makes, with those of the United Nations including its regional economic commissions and of interested intergovernmental organizations having relationship agreements with the United Nations or the Agency;

2. Requests the Board of Governors and the Director General to take action to this end in consultation with the Secretary-General of the United Nations; and

3. Requests the Director General, as a first step, to transmit to the Secretary-General, for the attention of the appropriate organs of the United Nations, the texts of Resolution GC(VI)/RES/128, of the progress report in document GC(VII)/229 and of the present resolution.
