COMMUNICATION RECEIVED BY THE DIRECTOR GENERAL FROM SENEGAL

The text of a letter dated 18 September 1991 which the Director General has received from the delegate of Senegal is reproduced below for the information of delegates.

"In the name of the delegation of Senegal, I have the honour to request authorization to exercise the right to vote, in view of the fact that the non-payment of a minimum net amount of US \$2672 is a matter beyond our control (document GC(XXXV)/INF/303 of 16 September 1991).

"In fact, all the necessary arrangements had already been made by the competent Senegalese authorities to pay the minimum net amount of US \$7000 indicated to us in your correspondence. However, through an unfortunate error, the amount transferred by Senegal to the Agency's account, US \$4352.33, was US \$2672 short of the amount originally due.

"I can assure you that the necessary steps have already been taken to transfer the balance of US \$2672 very soon, if possible before the end of the Conference."*

*/ It is suggested that, pursuant to Rule 42(b) of the Conference's Rules of Procedure and in line with past practice, this request be referred to the General Committee for consideration.
