**ISRAELI NUCLEAR CAPABILITIES  
AND THREAT**

On 1 October 1999 during the 10<sup>th</sup> plenary meeting the General Conference endorsed the following statement made by the President:

“The General Conference recalls the statement by the President of the 36<sup>th</sup> session in 1992 concerning the agenda item “Israeli Nuclear Capabilities and Threat”. That statement considered it desirable not to consider that agenda item at the 37<sup>th</sup> session. The General Conference also recalls the statement by the President of the 42<sup>nd</sup> session in 1998 concerning the same agenda item. At the 43<sup>rd</sup> session, this item was, at the request of certain Member States, reinscribed on the agenda. The item was discussed. The President notes that certain Member States intend to include this item on the provisional agenda of the 44<sup>th</sup> regular session of the General Conference.”
