Examination of Delegates' Credentials

Text of Communication dated 19 September 2007 from the Resident Representative of Israel to the International Atomic Energy Agency

The Delegation of Israel to the 51st General Conference of the IAEA rejects the continued efforts by several delegations of Arab States to pursue political issues through the Credentials Committee, as reflected in GC(51)/29 of September 19, 2007.

As clearly outlined in Article IV of the "Rules of Procedure of the General Conference", the procedure of credentials examination is intended solely to ensure that credentials of delegations have been properly issued and presented in a timely manner.

This procedure is in no way a political one; nor is it intended to be used as a means for advancing political interests. The contents of the above mentioned document is therefore beyond the responsibilities of the General Committee and is irrelevant to the purpose and duties of the IAEA and this important General Conference.

The Delegation of Israel requests that this document be included in the 51st Conference's report and be treated as an official document of the Conference.

Ambassador to the IAEA
