– **Adoption of the agenda for the meeting**  
(GC(57)/GEN/2)

1. The CHAIRMAN asked whether the Committee wished to adopt the provisional agenda contained in document GC(57)/GEN/2.
2. The agenda was adopted.

**27. Examination of delegates' credentials**  
(GC(57)/26 and 27)

3. The CHAIRMAN said that there were no requests for the restoration of voting rights and he therefore proposed that the General Committee meet as a credentials committee and take up the examination of delegates' credentials.
4. Recalling Rules 27, 28 and 29 of the General Conference's Rules of Procedure, he said that credentials designated the delegate of a Member State to a given session of the General Conference, that they were submitted to the Director General and that they were issued by the Head of State or Government or by the Minister of Foreign Affairs of that Member State. The Committee's task was limited to ascertaining whether the requirements of Rule 27 had been satisfied.
5. The Director General had received credentials satisfying the requirements of Rule 27 for 112 delegates. Also, the Secretariat had received communications in respect of 35 delegates that did not constitute formal credentials meeting the requirements of Rule 27.
6. Document GC(57)/26 contained a statement submitted by the Ambassador of the Sultanate of Oman on behalf of Arab States members of the Agency participating in the fifty-seventh regular session of the General Conference, as listed in the document, regarding their reservations about the credentials of the Israeli delegate.
7. Document GC(57)/27 contained a communication from the Resident Representative of Israel setting out Israel's position with regard to those reservations.
8. Mr NAJAFI (Islamic Republic of Iran) said that his delegation had the same reservations about the credentials of the Israeli delegate as it had had at previous sessions of the General Conference.
9. The CHAIRMAN said that the statement made by the representative of the Islamic Republic of Iran would be reflected in the record of the meeting.
10. He suggested that the Committee submit to the General Conference a report stating that it had met to examine the credentials of delegates in accordance with Rule 28 of the Rules of Procedure, and containing a list of Member States whose delegates had, in the Committee's opinion, submitted credentials satisfying the requirements of Rule 27 of the Rules of Procedure and another list indicating the Member States for whose delegates the Director General had received communications that did not comply with that rule.

11. In accordance with past practice, the report could indicate that the Committee considered that delegates in the latter category should nevertheless be allowed to participate in the work of the Conference on the understanding that they would submit credentials in due form as soon as possible, preferably before the end of the current session.

12. The report should further state that the Committee had had before it, in document GC(57)/26, a statement submitted by the Ambassador of the Sultanate of Oman on behalf of Arab States members of the Agency participating in the current session, as listed in that document, regarding their reservations about the credentials of the Israeli delegate and that the Committee had also had before it, in document GC(57)/27, a communication from the Resident Representative of Israel setting out Israel's position with regard to those reservations. In addition, the report should reflect the reservations expressed by the representative of the Islamic Republic of Iran.

13. Finally, the report should state that the Committee, with the aforementioned reservations and position, had agreed to recommend that the Conference adopt the following draft resolution:

“Examination of delegates’ credentials:

“The General Conference

“Accepts the report by the General Committee on its examination of the credentials of delegates to the Conference’s fifty-seventh regular session, which is set forth in document GC(57)/28.”

14. He asked whether the General Committee wished a report on the lines he had described to be prepared and submitted to the General Conference.

15. It was so decided.

**The meeting rose at 9.25 a.m.**
